

# PUMPS, SEALS, COATINGS AND LINERS

In an industry where safety is paramount, you can rely on the quality products and technical expertise of Ferguson Industrial to lay the foundation of your success. We are the total solution for pipe, valves, fittings, pumps, seals, protective coatings and liners and services to the North American industrial market.

## Sealing Solutions

Any job, any time. Whether liquid or dry, stationary, reciprocating or rotating, our unique product offerings are guaranteed to meet or beat your requirements.

## OEM and Aftermarket Equipment

We offer an extensive line of pumps, valves, filtration and heat transfer products.

## Application and Installation Services

Our customers benefit from the availability of technicians equipped with a wealth of expertise in quality products and processes.

# SEALING SOLUTIONS

Mechanical and Hydraulic Seals  
Pump and Valve Packing

Environmental Controller for  
Stuffing Boxes

Patented Bearing Protection

Steel Trap Gasket

# OEM AND AFTERMARKET EQUIPMENT

ANSI and LD17 Pumps  
Positive Displacement Vane  
and Gear Pumps

ANSI Pumps and Components

Air Diaphragm Pumps

Gear Pump, Sliding Vane and ANSI

Centrifugal, Disc Bag, Screen  
Filtration

ANSI Pumps and Components

Centrifugal and Lobe Sanitary  
Pumps

# SPECIALTY PRODUCTS (Corrosion- and Erosion-Resistant Products)

Metal Working Lubricants

Specialty Epoxy and  
Urethane Coatings

Ceramic Epoxy Liners  
and Coatings

## MECHANICAL SEALS

Split Seals and Jump Split Seals  
Single Cartridge Seals  
Dual Cartridge Seals  
Cassette Seals  
Mixer Seals  
Gas Seals  
Slurry Seals  
Custom Engineered Seals  
API Seals  
Containment Seals  
Chemical Seals  
Emission Seals  
Heavy-Duty Seals  
High-Pressure Seals  
High-Speed Seals  
Pumping Ring Seals  
High-Viscosity Seals  
Metal Bellows Seals  
High-Temperature Seals  
Component Seals  
Seal Support Systems  
Environmental Controllers  
Bearing Protection

## LIVE LOADING

Valve Live Loading  
Flange Live Loading  
Rotary Live Loading  
10 CFR 21 Nuclear Certified  
Material  
Stationary Equipment Heat  
Exchangers

## LUBRICANTS

Petroleum Lubricants  
Synthetic Lubricants  
Water Wash-Out Resistant  
Greases  
Dry Lubricants  
Chain Lubrication  
H1 NSF Registered Products  
Corrosion Protecting Greases  
High-Temperature and Extreme  
Pressure Products  
Pneumatic Lubricant and  
Conditioners  
Sliding and Assembly Pastes  
Specialty Assembly Lubricants

## PUMP PACKING

Flexible Graphite with  
Carbon Yarn Packing  
All Synthetic Fiber Packing  
Carbon Fiber Packing  
Carbon Fiber with PTFE Packing  
Flax Fiber with PTFE Packing  
Flexible Graphite Tape Packing  
Graphite Fiber Packing  
Graphite Fiber with PTFE Packing  
High-Temperature Fiber Packing  
High RPM Fiber Packing  
Kevlar® Fiber with PTFE Packing  
PTFE/Graphite Fiber Packing  
100% PTFE Packing  
Nomex® Packing

## VALVE PACKING

All Synthetic Fiber Packing  
100% Graphite Fiber Packing  
Flexible Graphite Tape Packing  
100% PTFE Fiber Packing  
Heavy and Light Hydrocarbon  
Valve Sealing Program  
High-Temperature Fiber Packing  
High-Pressure Fiber Packing  
Steam Valve Packing  
Emissions Valve Packing  
Synthetic Fiber Packing  
Steam Valve Sealing Program  
Graphite with Inconel® Mesh  
Packing  
Soot Blower Packing  
High-Pressure Bonnet Seals  
Low E Graphite Packing  
Low E PTFE Packing

## PUMP AND VALVE PACKING

Flexible Graphite with Carbon  
Yarn Packing  
Flexible Graphite Packing  
Carbon Yarn Packing

## INJECTABLE PUMP SEALANT

Black or White Injectable  
Compound  
Food Grade Injectable  
Compound

## GASKET MATERIAL

Filled PTFE Sheet  
All Synthetic Fiber Sheet  
Cloth Inserted Sheet  
100% Graphite Sheet  
Neoprene Sheet  
Red Rubber Sheet  
Vegetable Fiber Sheet  
Diaphragm Sheet  
Carbon Fiber Sheet  
Reinforced Teflon Sheet  
Vibration Resistant Sheet  
Synthetic Oil/Acid Sheet  
Fiberglass

## GASKETS

Sheet Gaskets  
Hand Hole and Manway  
Gaskets  
Heat Exchanger Gaskets  
Spiral Wound Gaskets  
Camprofile  
PTFE Envelope Gaskets  
Gasket Tape

## ENGINEERED POLYMER SOLUTIONS

Rapid Manufacturing Centers  
Hydraulic Seals  
Pneumatic Seals  
Rotary Seals  
Spring Energized Seals  
Engineered Seals  
Wiper, Rod and Piston Seals  
Ancillary Components  
Bearing Bands and Wear Rings  
Custom Replacement Kits  
Bearing Protection  
Elastomer, Fluoroplastic and  
Engineered Materials

## METAL COMPOSITE COATING SYSTEMS

Specialty/Emergency Repair  
Erosion/Corrosion and  
Chemical Resistance  
Sliding-Abrasion Resistance  
Impact-Abrasion Resistance

## CONCRETE COMPOSITE COATING SYSTEMS

Primers and Sealers  
Rebuilding Grouts  
Thin Film Chemical Resistance  
Resurfacers for Wear  
Resistance Resurfacers for  
Chemical Resistance

## MRO AND PRODUCTION CLEANERS AND DEGREASERS

Aqueous Base Cleaners and  
Solvent Degreasers  
Biodegradable, Non-Flammable  
and Non-Foaming Industrial  
Products  
Aqueous Bilge and Galley  
Cleaners  
Production Cleaners and  
Corrosion Protection Systems  
Aqueous-Based Scale and Rust  
Removers  
Non-Chlorinated Contact  
Cleaners

## MAINTENANCE SPECIALTIES

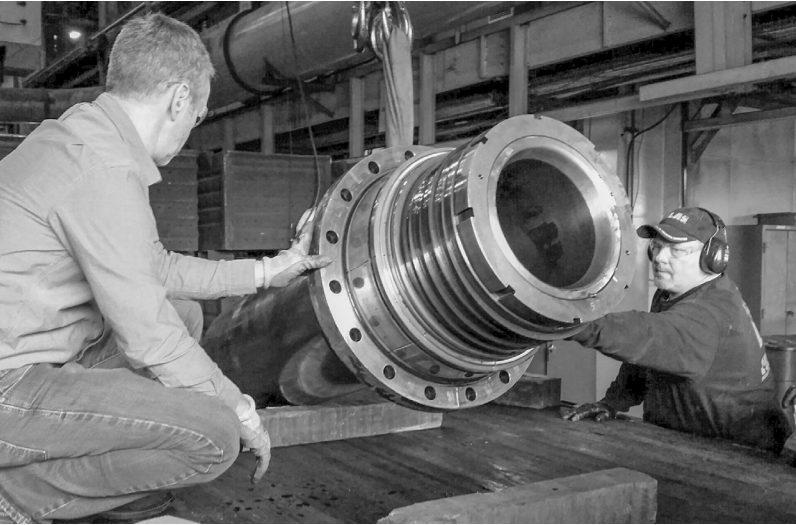

Nuclear Grade Anti-Seize  
Synthetic Based Anti-Seize  
Oxygen Compatible Thread  
Sealants  
PTFE Thread Sealing  
Compounds  
Water-Based Mold Releases  
Moldable Polymer Gasketing

## METAL WORKING FLUIDS

Full Synthetic and Semi-  
Synthetic Technologies  
Emulsifiable Machinery  
Coolants  
Sump Cleaners and  
Performance Additives  
Programs  
Industrial-Grade Cutting Oils

# SERVICES

## Hydraulic Cylinder Repair and Upgrading

- Custom cylinder repair kits
- Experienced application engineers
- Chesterton hydraulic/pneumatic seals
- Application-specific solutions

## Ceramic Epoxy Liners and Coatings

- NACE Level 3
- Full QA reporting
- Concrete and metal work repair or protection
- Equipment repair and protection

## Pump Rebuild and Repair

- Climate-controlled working and storage environments
- Certified to tolerances and specifications with verified metallurgies
- Balancing and alignment
- Experienced technicians
