

INDUSTRIAL, WATER & WASTEWATER APPLICATIONS

Valve Automation Specialists

DISTINGUISHED TECHNICIANS FOCUSED ON AUTOMATION.

Automating Valves and Dampers for Over 25 Years.

Ferguson Industrial is a full-service industrial sales organization that provides electric actuators for valve automation. As a preferred Limitorque Distributor and Limitorque Blue Ribbon Service Center, we are proud to serve power generation plants, local oil refineries, oil and gas pipelines, municipal water and wastewater plants, as well as other industrial markets. Between our turnkey service capabilities and in-house machining and design, we can reduce and prevent downtime.

GET QUALITY LIMITORQUE ACTUATORS, GEARBOXES AND PARTS WHEN YOU NEED THEM FROM OUR AUTHORIZED AND FACTORY-TRAINED TECHNICIANS.

OUR TECHNICIANS ARE CERTIFIED AND OUR SERVICES UNDER WARRANTY.

We are here to ensure your actuators are working efficiently, freeing you to focus on plant operations. By listening, asking questions and becoming familiar with your applications, our sales engineers and service technicians provide solutions to optimize your valve assemblies.

Our extensive inventory of Limitorque parts and actuators paired with the experience of our problem-solving technicians allows us to make emergency repairs quickly.
